

Order	Work	Parts	Category	Stich length (mm)
1	Print out paper pattern		Paper pattern	
2	Joint paper pattern with scotch tape. Cut off seam allowance line (dotted outline).		Paper pattern	
3	Iron fabric		Iron	
4	Fix paper pattern onto the backside of fabric with marking pins		Marking pins	
5	Cut off fabric along with dotted outline of paper pattern		Cut off	
6	Make crease of tri-fold on seam allowance of hem with iron. Do not sew yet.	Migoro	Iron	
7	Make crease of tri-fold on both of paper pattern and fabric at sleeve holes of left & right sleeves with iron. Do not sew yet.	Sleeve	Iron	
8	At collar, make crease of seam allowance and center line with iron. The side, where paper pattern is set, is inside.	Collar	Iron	
9	At left & right sleeves, take off paper pattern at - under sleeve hole - under sleeve - sleeve attachment (That means everything except for sleeve hole), and zig-zag sew them (or lock sewing machine).	Sleeve	Zig zag sew	
10	Take off paper pattern of sleeve attachment of Migoro (body), and zig-zag sew it (or lock sewing machine)	Migoro	Zig zag sew	
11	Fold back center line of Migoro (body), and knob-sew it (straight sew with sewing machine)	Migoro	Sew straight	5
12	Put Migoro (body) and left & right sleeves in inside-out, and sew sleeve attachment with sewing machine (sew straight)	Sleeve	Sew straight	5
13	Fold Migoro (body) in half at shoulder line. Sew straight both of fabric and paper pattern at left & right sides (under sleeve attachment) of Migoro (body) with sewing machine.	Migoro	Sew straight	5
14	Sew together left & right - under sleeve - under sleeve hole with sewing machine	Sleeve	Sew straight	5
15	Take off paper pattern at left & right sleeve holes, and sew tri-folded sleeve holes with sewing machine (or blind stitch)	Sleeve	Sew straight	5
16	Take off paper pattern at seam allowance of left & right Migoro's sides (under sleeve attachment). And zig-zag sew two fabrics together (or lock sewing machine).	Migoro	Zig zag sew	
17	FYI, there is nothing to do as for Miiyatsu-Guchi.	Migoro	None	
18	Cut off two cords (江戸打紐, Edo cords. They should be about 5 mm thick, and as similar collar as possible) at 9cm length	Migoro	Cords	
19	Sew cords of loop to set haori string at Chi of Migoro with sewing machine. Sew them onto the side where paper pattern is put (inside), and also near seam line	Migoro	Sew straight	2

20	Take off all paper patterns from Migoro and sleeves. Fix seam allowance of Migoro's hem with marking pins.	Migoro	Paper pattern	
	Put inside of collar to inside Migoro, and put center lines of collar and Migoro. FYI, width of collar's inside is shorter than outside.			
21	Take off paper pattern, and fix collar and Migoro with marking pins.	Collar	Marking pins	
	Put fabric's outside (side where paper pattern was not set) of collar's inside (written on paper pattern), onto Migoro's inside (side where paper pattern was set). And sew them together with sewing machine. FYI seam length is basically about 5mm, and is about 2.5mm only around neck.			
22	FYI as for hem, sew up to seam line. Don't sew up to seam allowance.	Collar	Sew straight	2.5 & 5
	Cover Migoro's seam allowance with collar's outside (side where width is wider), and fix them with marking pins.			
23	Fold collar's edge (around Migoro's hem) into inside, make crease with iron, and fix them with marking pins.	Collar	Iron	
24	Flip inside-out. Try it on. Check if hem's line and height are correct. If they're wrong, re-make crease with iron.	Migoro	Iron	
	Sew collar's outside (side where width is wider) from migoro's inside.			
25	Sew along with collar's inside (side where width is narrower).	Collar	Sew straight	2.5 & 5
26	Sew straight migoro's hem's seam allowance with sewing machine.	Migoro	Sew straight	5
27	Iron mainly around collar. Complete.	Collar	Iron
